RE: In re: *United States v. Gary Swanson*, No. Dist. CA;
CR 06-0692 PJH

Dear Niall:

In accordance with the court's order, I enclose the list specifying the documents that Jerry Hausman has been able to identify as those upon which his opinions are based. I have also enclosed copies of those documents which he still had readily available. As you know from the Summary, Professor Hausman also relied upon his consulting experience in the semiconductor industry for the past 20 years. If you have further questions about any of these documents or wish to discuss it further, do not hesitate to give me a call.

Very truly yours,

Bartko-Zankel-Tarrant-Miller
