Important factors that could cause actual results to differ materially from the forward-looking statements we make in this communication are set forth in other reports or documents that we may file from time to time with the SEC, and include, but are not limited to: (i) the ultimate outcome of any possible transaction between us and Cigna, including the possibilities that Cigna will reject a transaction with us, (ii) the ultimate outcome and results of integrating the operations of us and Cigna if a transaction is consummated, (iii) the ability to obtain regulatory approvals and meet other closing conditions to any possible transaction, including the necessary shareholder and stockholder approvals, and (iv) the risks and uncertainties detailed by Cigna with respect to its business as described in its reports and documents filed with the SEC. All forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by this cautionary statement. Readers are cautioned not to place undue reliance on these forward-looking statements that speak only as of the date hereof. Except to the extent otherwise required by federal securities law, we do not undertake any obligation to republish revised forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.
