

Anthem Statement Regarding Action by the Department of Justice

July 21, 2016 10:25 AM Eastern Daylight Time

INDIANAPOLIS--(BUSINESS WIRE)--Today's action by the Department of Justice (DOJ) is an unfortunate and misguided step backwards for access to affordable healthcare for America. Access to health insurance saves lives, improves health and reduces the cost of care for all Americans. The DOJ's action is based on a flawed analysis and misunderstanding of the dynamic, competitive and highly regulated healthcare landscape and is inconsistent with the way that the DOJ has reviewed past healthcare transactions. Anthem has an unwavering commitment to enhancing access to affordable healthcare and the benefits and efficiencies from its merger with Cigna is one way that Anthem will continue its mission of improving consumer choice, quality and affordability. Anthem is fully committed to challenging the DOJ's decision in court but will remain receptive to any efforts to reach a settlement with the DOJ that will allow us to complete the transaction and deliver its benefits at a critical time when American consumers are seeking high quality healthcare services with greater value at less cost.
