08/17/2017	3	ORDER: Plaintiff's counsel in tag-a-long action 2:17-cv-02452-DDC-TJJ contacted the Clerk of the Court to inquire about filing a response to the pending Motion to Dismiss in that case (Doc. 36 in Case No. 2:17-cv-02452-DDC-TJJ). The Clerk of the Court has instructed plaintiff's counsel to file the response in the tag-a-long case only and to file a notice in the master docket case file (17-md-2785) of the filing in the tag-a-long case. This is a ONE-TIME ONLY EXCEPTION to the court's Preliminary Practice and Procedure Order (Doc. <a href="#">2</a> ). The court instructs the parties to submit all future filings in accordance with the instructions in that Order. If similarly situated parties face a similar situation, they are directed to contact the Clerk of the Court. Signed by District Judge Daniel D. Crabtree on 08/17/2017. (This is a TEXT ENTRY ONLY. 08/23/2017	6	ORDER: The court enters this text order to clarify the meaning of its August 17, 2017 Order (Doc. 3 ) allowing plaintiff's counsel to file a response to the pending motion to dismiss in tag-a-long action 2:17-cv-02452-DDC-TJJ. Plaintiff's counsel contacted the Clerk of the Court to inquire about filing a response to the motion. Not intending to prevent this plaintiff from filing such a response if that was its desire, the court entered Doc. 3 to permit that filing. But, the court also does not expect the parties in the tag-a-long actions to continue litigating pending motions. The court recognizes that the Preliminary Practice and Procedure Order (Doc. <a href="#">2</a> ) does not stay all deadlines in the tag-a-long actions and, instead, just stays discovery and the time for responding by motion or answer to the Complaint. Doc. <a href="#">2</a> , 10. Although the court never stayed deadlines for responding to pending motions in the tag-a-long actions, the court now reiterates that it does not expect the parties to brief such motions before the court convenes the Initial Scheduling Conference on September 7, 2017 at 1:00 p.m. At that time, the court anticipates discussing all pretrial matters and soliciting information from counsel to craft

		a case management order that will address any future proceedings on the motions currently pending in the tag-a-long actions. Signed by District Judge Daniel D. Crabtree on 08/23/2017. (This is a TEXT ENTRY ONLY. There is no.pdf document associated with this entry.) (mg) (Entered: 08/23/2017)

The stay of discovery permitted under the Federal Rules of Civil Procedure, excluding depositions under Rule 30, will be lifted upon entry of a protective order, ESI protocol, and document preservation order, and the parties' exchange of their Rule 26(a)(1) initial disclosures. 10/17/2017	59	ORDER - Liason counsel for plaintiffs has notified the court of a concern about compliance with Fed. R. Civ. P. 10. This rule provides that the "title of the complaint must name all the parties; the title of other pleadings, after naming the first party on each side, may refer generally to other parties." Rule 7(b)(2) extends the "rules governing captions and other matters of form in pleadings... to motions and other papers." Counsel has expressed uncertainty about complying with these rules, given paragraph 11 of the court's Preliminary Practice and Procedure Order (Doc. <a href="#">2</a> at 5). The court did not intend its Practice and Procedure Order to displace Rule 10's requirement that the complaint must name the parties. Consequently, any complaint (or amended complaint) must individually identify the plaintiffs asserting the claims that the complaint presents and,

		also, individually identify the defendants they are suing in the complaint. Any other pleadings or filings may use the convention adopted in paragraph 11 of the Preliminary Practice and Procedure Order so long as the body of the filing explicitly identifies the party or parties joining that filing. Signed by District Judge Daniel D. Crabtree on 10/17/2017. (This is a TEXT ENTRY ONLY. There is no.pdf document associated with this entry.)(mig) Modified on 10/17/2017 (mig). (Entered: 10/17/2017)

10/24/2017	62	ORDER - Liason Counsel both for plaintiffs and defendants have advised the court that its <a href="#">61</a> Scheduling Order No. 2 neglected to address a subject of interest to both sides of the case caption. Namely, the court did not approve the parties' joint proposal to expand the motion papers beyond the limit adopted in our D. Kan. Rule 7.1(e) for the anticipated motion to dismiss the newly amended complaint and corresponding briefing. Specifically, Liason Counsel reports the parties have agreed to the following: "100 pages for the arguments and authorities portion of the brief in support of the motion, 100 pages for the arguments and authorities section of the response, and 50 pages for the arguments and authorities section of the reply." The court commends counsel for working together to produce a mutually acceptable resolution. And while their proposed page limits seem excessive for the task at hand, the court approves their agreement. This Order serves as the court's approval for the parties to exceed the page limit in Rule 7.1, but only for the current motion. Signed by District Judge Daniel D. Crabtree on 10/24/2017.
