06/13/2006	373	MINUTE entry before Judge Jeffrey Cole : After an in camera review of several documents the Noranda Defendants claimed to be protected by the attorney-client privilege, I issued a Minute Order on May 25, 2006, setting forth the resultant findings. At that time, it was determined that Document No. 804 was not privileged, because it appeared that the document did not pertain to the joint venture between Noranda and DuPont. This finding was based on the misapprehension that John Whyte was one of Mr. Hammond's fellow DuPont employees, meaning there was no Noranda involvement with respect to the document. While Mr. Whyte's status was not identified in the defendants' privilege log, defendants now call my attention to the fact that Mr. Whyte was, in fact, an in-house lawyer for Noranda. As such, the document does pertain to the joint venture and, accordingly, qualifies as privileged. Mailed notice by judge's staff. (srb,) (Entered: 06/13/2006)
