01/13/2012	456	MINUTE entry before Honorable Edmond E. Chang: In light of today's Seventh Circuit opinion, the status hearing of 01/25/12 is reset to 02/13/12 at 8:30 a.m., which is more than 21 days from today, and thus after the (non-extended) period for the potential filing of a rehearing petition and the typical period of time required for the issuance of the mandate if no rehearing petition is filed. If no rehearing petition is filed and the mandate issues, then the status hearing will be held. The parties should also be aware that, upon the case's return to the district court, the assigned judge will discuss with the parties whether the judge's recusal is required because he and his family received (and still receive) health care through NorthShore University HealthSystem during the proposed class period. Further inquiry will be necessary because it is possible that the definition of the health care services covered by the proposed class would not include the range of services received by the judge and his family, and it is also possible that the exception for those who paid only fixed co-pays will apply. 03/08/2012	463	MINUTE entry before Honorable Edmond E. Chang: In light of the issuance of the mandate, and the cases' return to the district court's jurisdiction, the Court must examine whether to recuse based on the concern identified by the Court in the 01/13/12 order, R.

		456. The first question is what facts Judge Chang should investigate regarding the health care that he and his family has received through the NorthShore University Health System. The parties shall confer on that question, bearing in mind that they should address whether there are relevant time periods, patient payments, types of services, or any other facts that will inform the Judge's investigation, and of course bearing in mind any potential proposed amendment to the class definition. The parties shall file 1 joint memorandum with the proposed recusal-inquiry questions; the Court hopes that the parties can agree to the questions, but if not, they may set forth the areas of agreement and disagreement in the joint filing. The joint filing shall be made on or before 03/19/12. The status hearing of 03/14/12 is reset to 03/22/12 at 9:30 a.m. If the parties wish to hold a status hearing before that date, then they should call the courtroom deputy to schedule it. 03/22/2012	471	MINUTE entry before Honorable Edmond E. Chang: Status hearing held. The Court discussed the recusal inquiry with the parties, and also noted that the Court's court reporter and her family were also provided medical care from Evanston Northwestern Healthcare and NorthShore University Health System during the proposed class period, as well as currently. The Court will promptly continue its investigation of the recusal inquiry, but the Court did report that, so far, it appears that the judge and his family did not pay coinsurance or make percentage-basis payments. The Court also noted that the parties' respective status reports stated a willingness to hold a settlement conference with Magistrate Judge Denlow. During the status hearing, the parties affirmed that willingness and expressed a joint preference to enter a referral to the magistrate judge now, rather than wait for the conclusion of the recusal inquiry. Based on this agreement, the Court refers the parties to a settlement conference with Magistrate Judge Denlow. If any party wishes to withdraw from the agreement to the referral, the Court will rescind the referral. Status hearing set for 04/5/12 at 10:45 a.m. Mailed notice (slb,) (Entered: 03/22/2012)

03/27/2012	473	MINUTE entry before Honorable Morton Denlow:Case is set to 4/2/2012 at 10:00 A.M. in courtroom 1350 for settlement conference. The parties are directed to review and to

		comply with Judge Denlow's Standing Order Setting Settlement Conference. Copies are available in chambers or through Judge Denlow's web page at www.ilnd.uscourts.gov . Failure to comply with the provisions of the Court's Standing Order Setting Settlement Conference may result in the unilateral cancellation of the settlement conference by the Court. Because of the volume of settlement conferences conducted by Judge Denlow, once a settlement conference date has been agreed upon, no continuance will be granted without a motion showing extreme hardship. Parties are required to deliver to chambers or fax to chambers (312/554-8547) copies of their most recent settlement demands and offers at least five (5) business days prior to the settlement conference. Mailed notice (ldg,) (Entered: 03/27/2012)

04/04/2012	477	MINUTE entry before Honorable Edmond E. 04/05/2012	482	MINUTE entry before Honorable Edmond E. Chang: Status hearing held on 4/5/2012 and continued to 4/26/2012 at 11:00 a.m., which is a few days after the next status before the magistrate judge. In light of the settlement referral, the Court is inclined not to set briefing on Plaintiffs' recently filed motion to certify class 478 , and instead believes that efforts (and expense) are better directed at settlement negotiations. After the 04/24/2012 magistrate-judge status, the parties may jointly (if they agree) call the courtroom deputy to ask for a postponement of the 04/26/2012 status. Otherwise, the Court will determine at the 04/26/2012 status what, if any, schedules to set on the certification motion. The notice date for the motion to certify class on 4/9/2012 is stricken and continued to the 04/26/2012 status date. Mailed notice by judge's staff. (srb,) (Entered: 04/05/2012)

06/12/2012	490	MINUTE entry before Honorable Edmond E. Chang: Status hearing held on 6/12/2012. Plaintiffs' motion for entry of order certifying class 478 , filed on 4/4/2012, is entered with the following briefing schedule: Defendant to respond to the motion by 7/12/2012 and Plaintiffs to file reply by 8/7/2012. As discussed in open court, it is unclear how, if at all, to consider the arbitration argument that Defendant wishes to present as to the managed care organizations. The parties might also wish to consider whether those

		organizations should be made involuntary plaintiffs, Fed. R. Civ. P. 19(a)(2), so that their interests are protected during the class-certification litigation. The Court is not necessarily endorsing that idea, but is merely trying to find the most efficient way to proceed. Status hearing continued to 9/18/2012 at 9:30 a.m. Mailed notice by judge's staff. 08/03/2012	506	MINUTE entry before Honorable Edmond E. Chang: Plaintiffs' motion to strike expert report 502 is denied. In light of the interlocutory appeal, there was no longer a formally set deadline to close expert discovery, so there is no procedural bar to the report's submission, and the substantive relevancy of the proposed expert report is better considered in the context of the underlying briefing on the certification motion. It would have been better had Defendant identified the report's submission before saying, earlier this year, that Defendant did not need additional discovery (because it should have been plain that submission of the report would occasion additional discovery by Plaintiffs), but that prejudice is alleviated by permitting Plaintiffs the 21-day discovery period discussed in open court on 07/17/12. Discovery shall open as to the expert report until 08/27/12. Plaintiffs' reply on the certification motion is due on 09/26/12. 08/20/2014	618	MINUTE entry before the Honorable Edmond E. Chang: Status hearing held on the status of class notice. Counsel for Humana (one of the subpoena recipients), Jennifer Stegmaier, also appeared. As discussed during the hearing, the premise of the class-notice plan shall be to use Defendant's patient list, narrowed down as far as possible to conform to the class definition (though the list will not be able to exclude non-fixed copay patients). Because that list encompasses the information from the subpoena recipients, and most of the recipients themselves either cannot exclude non-fixed copay patients, or would have to expend substantial resources to do so, the subpoenas are hereby withdrawn. As noted, either side may pursue the information later in the case, if needed for damages discovery. Defense counsel reported that Blue Cross did produce a list of non-fixed copay class-member information. With this premise established, the Court takes under advisement the remaining aspects of the proposed class-notice plan. Status hearing set for 09/04/2014 at 11:00 a.m. By 08/26/2014, the defense is authorized to file a motion for summary judgment based on a statute-of-limitations argument (the brief may consume 18 pages), including an argument on why the motion is not premature (that is, whether a decision before the class notice (and opt-out period)) would bind the class members. The Court will review the motion, and either will disallow it as premature, or instead set a response-reply briefing schedule at the next status hearing. Emailed notice (slb,) (Entered: 08/21/2014)
08/26/2014	619	MINUTE entry before the Honorable Edmond E. Chang: Attached is a letter received by chambers from defense counsel. Pursuant to the letter, the 08/26/2014 due-date for the motion on the statute of limitations is vacated. Emailed notice (Attachments: # 1 Letter) (slb,) (Entered: 08/26/2014)
09/03/2014	620	MINUTE entry before the Honorable Edmond E. Chang: The status hearing of 09/04/2014 is reset to 09/23/2014 at 11:15 a.m. class-notice plan (and the notice itself) is under advisement, and the Court will issue an order on that plan before the next status hearing. Emailed notice (slb,) (Entered: 09/03/2014)
09/22/2014	621	MINUTE entry before the Honorable Edmond E. Chang: The Court needs additional time with the class-action notice plan. Status hearing of 09/23/2014 is reset to 10/09/2014 at 1:00 PM. Emailed notice (slb,) (Entered: 09/22/2014)

10/21/2014	630	MINUTE entry before the Honorable Edmond E. Chang: Status and motion hearing held on Plaintiffs' motion for clarification 629 . Plaintiffs' counsel Mary Jane Fait appeared by telephone. For the reasons stated in open court, Plaintiffs' motion 629 is granted as follows: (1) Plaintiffs may direct mail to the MCOs already identified by Defendant; (2) Plaintiffs' notice administrator may use its database of self-insured and third-party payors; (3) the long-form version of the notice shall be used (which does not exclude employees of Defendant from the class). Additionally, Plaintiffs may send notice via first-class mail; the notice administrator shall check the notice list against Blue Cross / Blue Shield's list before the mailing, but need not check the notice list against the commercially available non-party update service until after undeliverables are received back; and the protective order applies in full to the notice administrator and its agents and employees. 07/01/2015	716	MINUTE entry before the Honorable Edmond E. Chang: The Court has Defendant NorthShore's motions to compel arbitration, R. 641-47, under advisement. In connection with those motions, NorthShore delivered to the Court, but did not file, a paper copy of a tabbed binder containing 47 contracts. (For reference's sake, the binder was delivered with a cover later dated March 23, 2015.) Those contracts must be made a formal part of the record, so NorthShore must file them on the electronic docket. It may do so under seal provisionally, although the Court will, as always, consider whether sealing is appropriate when it decides the relevant motions. The contracts should be filed so that each winds up with a unique docket number, that is, 700-1, 700-2, and so on. Also, NorthShore is ordered to deliver to chambers a CD or thumb-drive containing the 47 contracts in PDF form. The contracts must all be in a single, OCR'ed PDF file. The contracts must also be bookmarked (using the Adobe function for bookmarking). Those bookmarks should be formatted to correspond to the table of contents provided with the original binder, that is, the first bookmark should read "1 - Participating Hospital Agreement." and so on. It is important that the PDF match the binder. The filing and CD or thumb-drive are due by July 10, 2015. Emailed notice (slb,) (Entered: 07/01/2015)
07/02/2015	717	MINUTE entry before the Honorable Edmond E. Chang: In the Class's brief in opposition to NorthShore's motions to compel arbitration, there is a section entitled "Arbitration Should Not Be Compelled." R. 693 at 5. There is a footnote on this section header, which states that several potential class members "do not join in this section of this Opposition." Id. at n.5. It would be reasonable to conclude that the potential class members are agreeing that arbitration should be compelled. But later in the opposition brief, there are arguments made opposing arbitration specifically on behalf of the class members mentioned in the footnote. Id. at 18-24. It is unclear what is the position of these class members. The class members either oppose NorthShore's motions or they do not. If they do oppose, their opposition might be based on all of the arguments presented, or they might oppose arbitration but only wish to make certain arguments. (Given the nature of the potential class members' business, there might be arguments that, for institutional reasons, they are uncomfortable making and wish to waive.) For its part, NorthShore believes that the identified class members have conceded arbitration, R. 704 at 2, but NorthShore (sensibly) went on to present additional arguments if that interpretation is wrong. Class Counsel is directed to confer with the potential class members identified in the footnote, ascertain their detailed positions, and file a statement explaining those positions as clearly as possible. The statement is due by 07/10/2015. Emailed notice (slb,) (Entered: 07/02/2015)

On Plaintiffs' motion to compel Defendant and Bain to produce 714 , the motion is denied as to Bain, because to the extent that there are discoverable communications, Defendant will be producing them (and the parties were continuing to discuss Defendant's production). As discussed during the hearing, certain Bain-generated documents will be filed under seal for the Court's ex parte and in camera review for discoverability. With regard to any dispute over depositions of Bain employees, the Court would be willing to hear any subpoena dispute via Rule 45(f) transfer, giving Bain access

		to litigating here at minimal cost. On Defendants motion to compel claims data 715 , for the reasons stated during the hearing, the data sought is discoverable as to damages and the motion is granted. Defendant's motion to seal 720 contract is granted, subject to potential reference in any order in which judicial decision-making is premised on a particular provision of the contract. Fact discovery is extended from 07/31/2015 to 11/30/2015 for the limited purposes of the MCO-related discovery, the Bain-generated document review by the Court, and follow-up to confer on some Deloitte documents. 10/01/2015	748	MINUTE entry before the Honorable Edmond E. Chang: Status hearing held. The Court still has the Bain-generated documents under advisement. The parties reported on discovery: depositions are being scheduled; the remaining MCO data collection is still targeted for completion by 11/30/2015; the Deloitte document production has been resolved; and the deposition situation with Bain in Massachusetts has been resolved. With regard to the arbitration decision, Defendant will be filing a reconsideration motion; it is due by 10/15/2015. No response deadline will be set yet, because the Court will review the motion to determine whether it even meets the procedural standards for

		reconsideration. With regard to potential additional motions to compel arbitration, there are MCO documents that will aid Defendant in crafting a motion for leave to file additional compulsion motions. By 10/15/2015, the MCOs shall produce to Defendants representative forms, templates, or samples of ASO contracts, covering the time period of the class. By requiring disclosure only of forms, templates, or samples, the goal is to avoid an undue burden on the MCOs. Any MCOs who wish to move to quash may do so on or before 10/15/2015 (and need not produce the documents on that date). Defendant may agree to extend the 10/15/2015 deadline if that will facilitate avoiding a dispute. Status hearing set for 12/03/2015 at 11:00 a.m. New expert discovery deadlines will be set at the status hearing; opening reports will be due some time around 90 days after 11/30/2015. 11/17/2015	754	MINUTE entry before the Honorable Edmond E. Chang: NorthShore's motion for reconsideration, R. 749, of the Order of 09/04/2015, R. 742, denying in part its motions, R. 641-647, to compel arbitration, is granted. Rather than respond in substance to the reconsideration motion, each of the corporate entities targeted by the motion did not oppose the motion or took no position on it, as communicated through Class Counsel. Perhaps the entities could have argued that the reconsideration standard had not been met because NorthShore initially mentioned the entities only in the footnotes in the motions to compel. R. 742 at 4-5. And perhaps Coventry and Principal Behavioral could have argued that the applicable arbitration agreements on which NorthShore relies do not actually require arbitration. R. 718-1 at 9 (Coventry); R. 718-31 at 12 (Principal). Similarly, Oxford could have questioned what appears to be an unsigned draft as the basis for arbitration. R. 718-28 at 6. But none of the entities, and not Class Counsel, substantively responded to the motion for reconsideration. Oxford "does not oppose" the motion and the other entities take "no position." R. 752 at 1. So, absent protest, NorthShore's motion is granted. Accordingly, Oxford Health Plans LLC, One Health Plan of Illinois, Great-West Healthcare, Principal Behavioral Healthcare, Inc., CCN Managed Care, Inc., and Coventry Health and Life Ins. Co. are compelled to arbitrate. Emailed notice (slb,) (Entered: 11/17/2015)

12/02/2015	758	MINUTE entry before the Honorable Edmond E. Chang: The parties disputed the discoverability of certain Bain-generated documents, see R. 714, 747, which were authored by Bain in the course of post-merger consulting engagements with Defendant. Based on the confidential nature of the information contained in the documents (they reflected Bain's analysis and advice on potential business strategies), and the unlikelihood of finding discoverable information in them, the Court permitted Defendant to file them ex parte and under seal. R. 731-1 through R. 731-7. On a review of the documents, the Court finds that the documents are not discoverable. Remember that the context of this discovery dispute is that Plaintiffs have taken discovery on Defendant's *actual* post-merger pricing conduct (as the Court earlier explained, during the 07/16/2015 hearing, that information is discoverable as relevant to damages allegedly caused by the exercise of, according to Plaintiffs, monopoly power arising from the merger). And part of the context too is that Bains advice on strategies going forward were not necessarily implemented by Defendant. So discovery of the Bain documents in this context would be appropriate only if there was some direct information on the use of the post-merger pricing power for hospital services. There is not; the bulk of the pages of the documents reflect opinions, forecasts, and advice that do not bear on pricing power. It is true that some of the Bain documents in R. 731-1 through R. 731-7 do refer to actual financial performance from post-merger time periods, e.g., R. 731-1 at 2-3, R. 731-2 at 43, R. 731-7 at 5, 10, but the information does not bear directly on pricing power. Any references to contracts with MCOs and doctors, see R. 731-1 at 3, R. 731-5 at 38, also are general references without specific bearing on pricing power. The motion is denied as to the documents. As a final note, the review of the documents confirmed the propriety of ex parte and under seal filing of the documents for review; they do reflect strategic analyses and advice that would give competitors significant advantages over Defendant. 03/24/2016	811	MINUTE entry before the Honorable Edmond E. Chang: Motion hearing held on Plaintiff's motion 806 for extension on expert disclosures and expert discovery. As

		discussed during the hearing, Plaintiffs' motion 806 is granted on conditions. Plaintiffs' experts and Defendant's employees shall have direct, in-person conferral to obtain, to the extent possible, explanations of the database fields, that is, what data and source did the field draw from, and how was the data entered into the field. The defense shall choose the employees to attend the meeting by asking itself, which employees would NorthShore ask to help interpret the database (both the prior one and the current system). Plaintiffs' experts (not the lawyers) will then draft a Definitions Term Sheet that defines the database fields; Defendant's employees (not the lawyers) will comment on and propose edits to the Definitions Term Sheet, all with the goal of generating an agreed-on Definitions Term Sheet. If Defendant's responses to Plaintiffs' experts reports and testimony later argue that Plaintiffs' experts have misunderstood a database field, then Plaintiffs may move for fees and costs both for the original expert reports and for the creation (or supplementation) of new reports in view of the misunderstanding. Plaintiffs are authorized to issue a subpoena to prior NorthShore employee(s) as needed to understand the database. The expert discovery schedule is reset as follows: Plaintiffs' expert report(s) due 06/28/2016. Backup materials due 09/05/2016. Depositions to be completed by 07/28/2016. 02/11/2017	879	REPLY by Northshore University HealthSystem to MOTION by Defendant Northshore University HealthSystem for leave to file <i>a Reply Quality of Care Expert Report or Alternatively to Strike Plaintiffs' Late Quality Expert Report</i> 875 (Dahlquist, David) (Entered: 02/11/2017)
02/12/2017	880	MINUTE entry before the Honorable Edmond E. Chang: The defense motion to file a reply expert report 875 is granted in large part but the proposed schedule is modified. Often, the Court sets an expert discovery schedule that says that both sides shall make expert disclosures to offer evidence that the respective party would wish to introduce regardless of whether the other side discloses evidence on the same subject. Then the parties make responsive disclosures, and then take depositions. The Court could have done that here, but instead trusted the parties to propose a structure and schedule. The parties proposed a Plaintiffs-first structure. It should have been evident to both sides that quality of care was going to be a disputed issue as a possible basis for price increases. If the Court had invoked its usual structure, then we would not need an extension. In the interests of justice, the defense should be permitted to reply to Plaintiffs' new treatment of the topic. Indeed, the Court would have expected Rule 26(e) supplements from Meyer anyway, in order to address Romano's report (which was not really a reply). But the schedule shall proceed as follows: Romano's deposition is supposed to be taken by 02/22/2017. R. 868. Meyer shall disclose the reply report by 03/24/2017. His deposition will be taken by 04/17/2017 (by 02/21/2017, the parties shall schedule his deposition for a date before 04/17/2017 so that he is booked sooner rather than later). Summary judgment motions are due by 05/10/2017. To forestall a situation where each side splinters its summary judgment issues into multiple motions, multiple briefs, and multiple 56.1 Statements (like a summary judgment motion on one element of a claim or defense masquerading as a separate motion and obtaining another 15-pages of briefing and 40 more 56.1 paragraphs), each side shall file <i>*one*</i> summary judgment motion and then file <i>*one*</i> supporting brief and <i>*one*</i> 56.1 Statement that asks for all the Rule 56 relief that

		is sought by the respective side. So in advance of the 05/10/2017 deadline, the parties should be estimating how many pages and 56.1 paragraphs they need and file a respective motion for extra pages and paragraphs, explaining the need. When the briefs are filed, each party shall add a.pdf bookmark for the major point headings, to enable the Court to navigate the briefs easily. 56.1 Statements also shall be organized with point headings and corresponding.pdf bookmarks to those point headings in order to help the Court's review. The response briefs and 56.1 responses are due by 06/21/2017. Replies are due by 07/07/2017. The status hearing of 02/16/2017 is reset to 04/24/2017 at 9:30 a.m., by which time discovery will be finished.Emailed notice (Chang, Edmond) (Entered: 02/12/2017)

Romano</i> 881 <i>Defendant's Reply Brief in Support of its Motion to Compel Production of Documents Relied On by Plaintiffs' Expert Dr. Patrick S. Romano</i> (Dahlquist, David) (Entered: 04/23/2017)
04/24/2017	886	MINUTE entry before the Honorable Edmond E. Chang: Status and motion hearing held on Defendant Northshore's motion to compel 881 prior drafts and peer review comments. For the reasons discussed during the hearing, Northshore's motion to compel 881 is denied: the request is untimely (it was obvious on 01/25/2017 that Plaintiffs' expert would rely on the article); the burden on the expert to re-create the drafting process is too burdensome to justify the effort; and peer review commentary is generally regarded as confidential. As discussed during the hearing, the Court decided the following motions schedule. Defendant's motion to decertify the class is due 05/10/2017 (20-page limit). Plaintiffs' response is due 06/21/2017 (20-page limit). Defendant's reply due 07/07/2017 (10-page limit). Both parties will be filing a motion for summary judgment. To avoid repetitive briefs, the briefing schedule will comprise four briefs instead of six: Defendant's opening motion for summary judgment due 05/10/2017 (60-page limit). Plaintiffs' motion and response due 06/21/2017 (75-page limit). Defendant's reply on its own motion and response to Plaintiffs' motion due 07/14/2017 (40-page limit). Plaintiffs' reply on its own motion due 08/01/2017 (25-page limit). To anchor expert admissibility disputes to concrete issues, any Rule 702 arguments shall be made in the summary judgment briefing. 06/22/2017	924	MINUTE entry before the Honorable Edmond E. Chang: Although Plaintiffs' motion to seal 915 is provisionally granted, it seems highly unlikely that almost all of the exhibits would warrant sealing. Plaintiffs must file publicly available redacted versions within by 06/29/2017, and attempt to make as much as possible available to the public (after conferring with the defense). At any rate, when the Court decides the underlying motion, the propriety of sealing will be considered again. Emailed notice (slb,) (Entered: 06/22/2017)

06/29/2017	930	MINUTE entry before the Honorable Edmond E. Chang: Plaintiffs' extension motion 926 to file public versions of the filings is granted to 08/07/2017. The Court is only requiring what should always be done for any under-seal filing: that the parties undertake a good-faith review of the proposed under-seal filings so that the strong presumption of public filing is honored. The Court has no problem granting a provisional sealing motion and reserving good-faith disputes for when the opinion is issued, but the presumption is public filing, not under-seal filing. And it is up to the asserter of confidentiality (most likely, the Defendant for the bulk of the confidentiality designations) to ensure that the designation is in good faith and proposes redactions in the first instance, not the other way around. 12/06/2017	981	MINUTE entry before the Honorable Edmond E. Chang: As part of considering the direct-purchaser issue as to Painters Fund, the parties discussed (and provided) the contract between Blue Cross Blue Shield and Plaintiff Painters Fund. The Court would like to examine the contract between Defendant and Blue Cross Blue Shield through which Painters Fund's covered participants received services (it might be that the pertinent contract does not specifically name Painters Fund, or Painters Fund is part of a schedule attached to the contract). The parties are directed to file a Response to Inquiry that identifies where on the docket the contract (or contracts, if there is more than one over the relevant time period) can be found, or if not on the docket, attach the contract (or contracts) to the Response as an exhibit. Additionally, the Response shall identify any provisions within the contract that address whether Blue Cross Blue Shield was liable for shortfalls in payments due to Defendant from the entities (like Painters Fund) for which BCBS was a network administrator. The parties may contribute separate sections of the Response if necessary. The filing is due on or before 12/08/2017. Emailed notice (Chang, Edmond) (Entered: 12/06/2017)
