11/08/2011		TEXT ORDER - In preparation for the jointly requested status conference currently scheduled for 11/28/11 at 9:00 AM, the Court hereby ORDERS the parties to file a joint status report, on or before 11/22/11, addressing the following questions/issues, and any other matters which the parties believe pertinent: What are the legal and practical implications for the case of the recent definitive agreement(s) between WPAHS and Highmark? (Said agreement(s) shall be filed on ECF on or before 11/15/11.) What are the legal and practical implications of granting/denying the motion for leave to file second amended complaint (doc. no. 124)? What additional party or parties (if any) are anticipated to be added to the case, and provide a description of new or additional claim(s) against any existing party or any potential new party or parties? If the motion for leave to file second amended complaint is granted and Counts I and II (counts addressed to both Highmark and UPMC) are dismissed, what are the legal and practical implications of the dismissal of those claims? Does WPAHS still contend that said antitrust/conspiracy agreement and the related agreements between UPMC and Highmark, including hospital and doctor agreements, are illegal? If not, what are the legal and practical implications of said change of position? What are the legal and practical implications of how damages (if any) will be determined in the case against UPMC, in light of the alleged damages caused to WPAHS by the alleged conduct by Highmark and UPMC as set forth in Counts I and II?
